

DoLS Signatory Course

Join Edge Training and Consultancy for a practical training day designed for DoLS supervisory body signatories. The course will look at the new DoLS forms and consider what signatories should expect to see in relation to the evidence and rationale for decisions made. It aims to translate the legislation and case law on DoLS into practice so that signatories can carry out their specific function effectively. The day will also consider the wider impact of the Supreme Court ruling for local authority managers in the delivery of social care, safeguarding adults and childrens services.

Learning outcomes

By the end of the day participants will:

- Understand the responsibilities of the Supervisory Body signatory in relation to DOLS
- Understand the statutory basis and functions of a signatory
- Be able to demonstrate the ability to assess the different DoLS requirements in line with the legislation, Code of Practice and relevant case law
- Have improved critical appraisal of the evidence presented on DoLS forms, to ensure compliance with the legislation

All participants will receive an Edge certificate of attendance and full course materials

The course will be delivered by
Steven Richards
